Living Benefits Life. The Living Life Benefit!

Most people purchase life insurance to gain peace of mind in knowing that they are helping their families become financially secure when they die. With Living Benefits Life, members can gain added peace of mind for themselves and their families before they die should they become Terminally Ill. A Terminal Illness is a condition where your life expectancy is 24 months or less. This must be confirmed in writing by a physician licensed to practice in the United States, and supportive evidence may be required by the Insurance Company.

Treatment, nursing care, hospitalization, nursing home confinement, hospice care and other expenses associated with a Terminal Illness can cost thousands of dollars. Not only could a Terminal Illness cause large medical bills, it could also force your income to stop.

With the Living Life Benefit you may elect to receive up to one-half of the total benefit amount of your Group Term Life Insurance Plan prior to death if you are diagnosed as being Terminally Ill. (These living or "accelerated" benefits may be taxable, so please consult your personal tax advisor.)* Then, the amount of your total benefit that is not used as part of your Living Life Benefit will be paid directly to your beneficiary upon your death.

If you do not use the living or "accelerated" benefit provision of this Plan, your full benefit would be paid to your beneficiary upon your death. Your beneficiary will not have to pay federal income taxes on these benefits based on current tax laws (please consult a tax advisor for further information*).

The Living Life Benefit is a practical way to help complement your existing insurance plans including health, disability and life. It would pay you a valuable benefit at a time when high medical bills and loss of income could put your family's financial security at risk. And the benefits are paid directly to you in a lump sum payment for you to spend however you wish.

*Accelerated benefits may be taxable. These materials are not intended to provide tax, accounting or legal advice and cannot be relied upon for any such purpose. We recommend that you consult with a qualified tax advisor. Accelerated benefits may affect your or your family's initial or continued eligibility for public assistance, such as medical assistance (Medicaid), Aid to Families with Dependent Children (AFDC), supplementary social security income (SSI), we recommend that you consult with social service agencies with any questions regarding eligibility for public assistance.
